

It's going to be busy in Year 2 this half term

Literacy

To celebrate one hundred years since Roald Dahl's birth we will be reading *George's Marvellous Medicine*. We will be looking at non-fiction writing, writing character descriptions and letters. We will be starting a new spelling programme. A spelling and phonics workshop for parents will be held on 12th October at 2:30pm. More information to follow.

Numeracy

We will be reading and writing numbers to 100, looking at place value and addition and subtraction. We will work with two digit numbers, using addition and subtraction facts to solve problems and work with money. Please help your child learn their number bonds to 20 by heart over the next few weeks.

Topic

This half term we are 'Fighting Fit!' We will be looking at healthy food and how to stay healthy, what happens if we are poorly and how other people help us. We will find out about the lives of Florence Nightingale and Mary Seacole and how they dedicated their lives to helping sick people.

ICT

In the computer suite we will be looking at simple programs, what algorithms are; how they are implemented as programs on digital devices. We will create and debug simple programs.

As well as all this there will be gymnastics, music, outdoor PE, painting and sketching portraits, role play activities, show and tell and lots, lots more

We can't wait to get started - Mrs Sharpe and Mrs Jones

If you have any spare time at home, why don't you....

- Visit the library and read about health, fitness, Mary Seacole and Florence Nightingale.
- Read a Roald Dahl book at bedtime.
- Set up a shop, putting prices on toys or other items.
- Look at the labels on your food. Where has it come from?
- Talk about different food when you go shopping.
- Talk about money when you go shopping.
