

We hope you are enjoying using our learning platform. Perhaps your child could draw a picture for us to see. Please remember to supervise your child's use of the internet.

# Reception Newsletter

This term we are learning through the topic of 'Living Things'. We have recently planted pea seeds and have enjoyed tasting the pea shoots as they have grown. Next week we will harvest our potatoes; we can't wait to see how many we have grown. We will decide what to turn them into and we will cook them in class. Perhaps you and your child could look out for other changes in plants and animals over the next few weeks.

We are really proud of how the children are progressing with their writing. By the end of Reception we want the children to be confident to have a go at writing short sentences on their own. Please help your child to hold their pencil correctly and form their letters the right way round.

Thank you for your support hearing your child read at home. Research shows that children benefit from a short reading practise every day rather than one longer practice once a week. Please don't forget to write in your child's diary when they have read.

In maths, we will be practising our number skills including doubling and even halving! We will be continuing to learn about measuring, money, shape and time.

## Dates for your diary

Trip to Conkers 11<sup>th</sup> June

There will be a transition to year one meeting run by our Assistant Headteacher, Anna Jones, on Monday 9<sup>th</sup> July at 2.50.
