Year 5	Difference and Diversity	Bullying Matters	Being Healthy	Exploring Emotions	Relationships	Being Responsible
Year 6	Being Safe & Being Safe Online	Being Me	Money Matters	Drug Education	Growing Up	Changes

At Mickleover Primary School, pupils are taught the statutory RHE content as part of a timetabled PSHE programme. We use PSHE Matters: A PSHE Curriculum for Primary Schools (2026) - Derbyshire County Council. The scheme is divided into 12 modules for KS1, which are taught over a period of 2 years (6 units per year). Then these themes are revisited during Year 3 and 4 and finally again in Year 5 and 6. In EYFS, the 12 modules are taught across the year. Our Science, Computing and PE curriculum also address some of the RHE statutory content.

PSHE Curriculum Overview 26-27

In addition to this overview, pupils also experience the PSHE curriculum through theme weeks / days such as:

- Anti-bullying Week
- Internet Safety Day
- Mental Health Day (October) & Children's Mental Health Week (February)
- Cross curricular theme days/ weeks: e.g. Careers Week

We encourage pupils to participate in charity fundraising through regular opportunities to support local, national and international charities such as: Children in Need, Save the Children Christmas Jumper Day, Comic Relief and community gifts for Harvest (Padley Centre)

Pupil Voice

Pupils are encouraged to participate in the life of the school through our councils:

- School Council
- ECO Council – this year we are introducing an ECO Council for our pupils in line with the DfE Sustainability and Climate Change Strategy
- We also provide further responsibilities for our pupils such as Reading Influencers, Prefects, i-vengers and Mini-Leaders.
