

Mickleover Primary School –Knowledge Organiser

Title: All Creatures Great and Small

Year Group: R

Term: Summer 1

Vocabulary you will know...

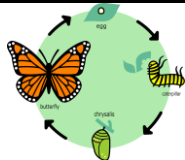

Summer

Farm

Life cycle (of a butterfly)

Healthy/unhealthy

Mini beasts

Habitat

Key Learning

We will...

- Be able to name different animals and their habitats.
- Be able to sort animals into their habitats
- Name differences between animals eg, skin type, size, movement.
- Learn about the season of Summer and discuss how it compares to the other seasons.

Key Books

What the Ladybird Heard, The hungry caterpillar, Monkey puzzle, The snail and the whale.

How you can help at home

Communication and Language

- Talk to your child about animals (minibeasts, farm animals etc)
- Ask your child to name different animals including naming adult and baby animals eg, horse/foal.

Personal, Social and Emotional Development

- Go on an animal hunt to see what animals you can find in your environment.

Physical Development

- Practise moving like different animals, compare the ways animals move (high, low, fast, slow)

Literacy

- Go to the library and borrow a non-fiction book about an animal.

Mathematics

- Practise odd and even numbers, name 2D & 3D shapes and make patterns.

Understanding the World

- Watch a David Attenborough video, talk about what you have learnt about the animals.

Expressive Arts and Design

- Use paint brushes, water and chalks outside to make animal patterns.
